ANOTHER LOT of fresh music just received at the City Music Store, 88 Thames street. T. W. WOOD

A NEW MUSIC BOOK;
OR THE
New York Musical Review.
FOR NOTHING!
We have in press, and shall publish in October, "ASAPH, on THE CHOIR BOOK," a new collection of Church Music for Singing Schools and Choirs, by Dr. LOWELL MASON. Dr. MASON'S last similar work, published in 1854, reached the enormous sale, in its first year, of over 50,000 copies, which is, we are confident, the largest sale ever enjoyed, in its first season, by any Church Music Book by a single author. The work now in press will embrace *nearly all new matter* culled with great care from numerous sources, such, as it is believed, will be of the highest interest to Choirs and Singing Schools. Its Singing School Department is more extensive and complete than in any previous work, being indeed, a complete work in itself, and forming an extensive collection of secular music, the words, as well as music, to which, are nearly all quite new. Retail price, one dollar.
We publish, also, THE NEW YORK MUSICAL REVIEW, a fortnightly journal of sixteen quarto pages, including four pages of choice music in each number, with twelve pages of reading matter, including frequent articles from the leading musicians of the country, with all the musical news, &c., &c. Subscription, $1,00 per annum.
In view of the present hard times, and with the purpose of obtaining a wide circulation for specimen copies of Dr. MASON'S new work, we are induced to make the following liberal offer, viz.: To every one sending us, before 1st November, one dollar, (the price of subscription to the REVIEW,) we will furnish the paper for a year, and also, as soon as issued, a copy of Dr. MASON'S new work above announced, thus giving two dollars' worth for one. Those desiring the book sent by mail, must inclose twenty-four cents, to pay postage, in advance.

A CHALLENGE AND A REWARD
$500 REWARD.
I BEG LEAVE to inform my friends and the community, that from recent arrangements made by me, I NOW offer the above reward in good faith, which shall be paid in cash to any chemist or physician, of good and responsible standing in the State, who, on due analysis and satisfactory evidence, can find anything in the BRANDIES, WINES, GINS, &c., &c., NOW for sale by me as pure, other than is found in all PURE, GENUINE and UNADULTERATED ARTICLES.
Knowing, from experience, that our citizens in general labor under the impression, with good cause, that pure liquors cannot be had, I, after much pains, studious investigation, and from the reliable source with whom I NOW contract for my supplies in these articles, do stake my reputation as a man, my integrity as a merchant, that if the liquors NOW sold by me as pure "are not so," shall none can be had from the vineyards in France or from any part of the world. As a proof of my sincerity, I challenge chemical contradiction, and invite all to come and test for themselves, when they will learn that NOW, "if never before," pure liquors can be purchased in Newport, by bottle or measure, for medicinal or family purposes, as cheap as in any other place in these United States.
WM. ALDERSON, Newport, R. I.
N. B.—The main inducement for all to give me a call is, that my figure for the genuine article is rather less, than more, than is NOW charged for the handsome labeled bottled compounds so extensively sold all over the country. a23

WHAT WILL IT SAY NOW?

As the London Times is not very likely to think that the possession of New Orleans is worth much, after it is known that our forces have taken it, it is worth while to note the Time's opinion of the value of the city in advance of its capture. We therefore make the following extract from the Times of April 18:

"The Northern conquerers do not over-estimate the importance of the conquest for the tidings of which they are so impatient. New Orleans is the commercial metropolis of the South and the West; it is the emporium of the vast tracks traversed By the Mississippi and all the great tributaries of that most mighty of rivers. It has a greater command of internal navigation than any city in the Old or New World. In itself, as a city, it is little worth. Built upon a flat below the level of the risen river, it would, perhaps, be to the permanent benefit of its inhabitants if the dykes were cut and the stream were allowed to flow over it. To friend or foe its atmosphere alike is fever and death, and even among the acclimated New Orleanists the annual mortality is three times that of Boston. It is not the city but the position at the point that commands all the internal navigation which is so important. The Southern papers pertinently remind its defenders that superior cheapness of transportation by water draws thither all the cotton produced in Middle and Western Tennessee, Arkansas, Eastern Texas, and Mississippi, while the tobacco, hemp, and cereals of the vast Western Empire find their way thither from the same cause. The occupation of New Orleans would be a tourniquet tightened over the great artery of the Seceded States. This important place is now attacked both by land and [illegible] General Butler has a strong land force under his orders, and Captain Porter with his mortars and his frigates has already passed the bar at the mouth of the river. Nothing was wanting but that the Mississippi fleet should come down by the upper river, must fall. But even without this aid hopes run high at New York that by this time New Orleans is in the hands of the Imperial North.

"Perhaps in the case of a city where yellow fever and cholera have in some years destroyed one-tenth of the whole population the best revenge of an invaded people would be to let the invaders take and hold it. Such, however, does not appear to be the intention of the Confederates. They on their side also have their boasts of assured victory. Commercial writers of the first authority have predicted that New Orleans is destined to become the emporium not only of the Southern and Western States of America, but also of the whole world, and that, when the uncultivated and unoccupied basins of the Mississippi and Missouri are peopled and tilled, this city, or one placed on some happy neighboring site, will eclipse all the present magnificence of the ports of the North. The confederates are as sanguine that they will be able to preserve their commercial capital for its future destenies as the federals are that they are even now certainly wresting it from them. New Orleans is a hundred miles from the mouth of the river, and the banks are fortified all the way down. At a convenient point there are forts armed with the heaviest guns, and commanding an artificial dam [!] stretched across the river, and which is calculated to delay any naval force under the guns of the forts for a sufficient time for the artillery to sink them. These defences, so described, are suspiciously like those which were prepared by the Chinese to oppose the passage of the English and French fleets up the Peiho, and which, although temporarily successful, were readily overcome when the leaders had learned to respect their enemy. But in addition to these, there are, we are told, two ironcased floating batteries, carrying heavy armaments, and a garrison of 32, 000men, eager for the appearance of the invaders. The New Orleanists say they are mad with excitement and rage, that their hot shot are ready, their furnaces in complete preparation, and that the Yankees, whenever they come, will receive a hot reception.

"The game of brag on both sides is played with equal enterprise. Events will soon tell us on which side the power of execution lies. Times are much altered since an English Admiral and an English General quarreled and bungled on the same spot, and were lured on by the most transparent tricks to disgraceful defeat. Near half a century has sufficiently improved the art of war to make us certain that General Mansfield Sorrel [Lovell] will not have an opportunity of saving New Orleans by the simple tactics of General Jackson; but if there be any truth in the loud cries of defiance of the Southern press, the conquest of this city is not so absolutely certain as the Northerners think. It may be attacked either from the sea or from the river. If the Federalists think it better to force their gunboats and steam frigates up the river their success must depend upon their being able to run the gauntlets of the forts and batteries. Once past these there is deep water up to the city quays and many miles above. Arrived at these, New Orleans is their own. But, if they are strong enough by land, there is an inlet of the sea which reaches within six miles of the city, and from this they may debark their land army and attack the city by land. The 35,000 men in garrison ought to be able to give a good account of these invaders, if that garrison exists in any other columns than those of the newspapers. It is suggested that the attack is to be made in concert, by Gen. Butler overland, debarking from the lake or rather gulf of Pontchartrain, and by Captain Porter and Farragut up the river. If there be any real fight in these belligerents, this is an impending event worth our interest.

LOCAL NEWS ITEMS.

CAPTURE OF CONTRABAND VESSELS.—The following items of news are interesting to our community from the fact, that the rebel vessel Ella Marley or Isabel which has run the blockade succesfully several times, and is now at last, taken by the Santiago de Cuba, was commanded by Capt Swasey of Newport. The father of Capt. Swasey of the Ella Warley, is a loyal man, but his son, who has resided South mostly, has imbided secession tendencies.

The news is of further interest from the fact that two captured schooners, with assorted cargoes for Southern ports, were both sent into New York, in charge of Newport boys—one in charge of Mr. Lawton Coggeshall son of Mr. Timothy Coggeshall, as prize master, and the other in charge of Mr. Wm. N. Ellery son of Mr. Geo. H. Ellery formerly of this city.

The United States gunboat Santiago de Cuba, Commander Daniel B. Ridgely, arrived last evening at this port from Port Royal, bringing as a prize the rebel steamer Isabel, alias Ella Worley, which was captured while on a voyage from Nassau, N. P., for Charleston, S. C., laden with arms, ammunition, wines segars, medicines, &c.

She has been one of the most successful of the rebel steamers in carrying on trade between Charleston Havannah and Nassau. She is in charge of Lieutenant William Gibson and Acting Master George B. Schenck.

The Santiago chased the Nashville several hours on the 23d ult., but was unable to overtake her.

On the same day the Santiago de Cuba captured a schooner from Charleston, loaded with cotton, which was put in charge of Acting Master A. W. Muldaur, with T. Dwyer, Master's Mate, and sent to Key West. She also took two other schooners, with assorted cargoes for Southern trade, both of which are now on their way to New York—one in charge of L. Coggeshall, the other in that of Wm. N. Ellery, Master's Mates.

The Santiago de Cuba has been out now six months, most of the time in the Gulf of Mexico and at Havana. She is now attached to the eastern division of the blockade.—*N. Y. Herald.*

MILITARY.—Company A. of the National Guards held a meeting at the armory last evening, at which it was voted to procure coats for the company.

Company E. of the National Guards have a street parade this evening.

Editor's Book Table

THE ATLANTIC MONTHLY, for May, is on our table with its usual variety of articles, devoted to Literature, Art and Politics, from the pens of some of the ablest writers in the country. The present number contains the commencement of a new story by Miss Prescott.

Boston—*Ticknor & Fields*—135 Washington, corner of School Street.

BLACKWOOD'S EDINBURGH MAGAZINE contains eight valuable and interesting articles which fully sustain the high literary character of this periodical.

New York—Leonard Scott & Co., 79 Fulton Street.

KNICKERBOCKER.—The number for May contains twelve articles on different subjects, including two National Hymns.—This monthly, although devoted particularly to literature, has not ignored our present National crisis, and its patriotic tone has enabled its proprietors to embark upon the publication of the "Continental Monthly," devoted to Literature and National Policy. This is a sufficient guarantee of the public approbation.

New York—J. R. Gilmore, 532 Broadway.

THE ECLECTIC.—The May number of this Magazine contains twenty-six articles of varied subjects and interest. It is embellished with a beautiful tri-portrait plate entitled, "The Translation of the Bible." It contains likenesses of three eminent men of talent, learning and usefulness, engaged in the work of translating the Bible, at the city of Constantinople, into five different languages—the Armenian, the Bulgarian, the Hebrew-Spanish, and the Arabo-Turkish. Brief biographical sketches of the three translators, Dr. Riggs, Dr. Goodell and Dr. Schauffler, are among the articles in this number.

New York—No. 5 Beekman Street.

The New York World understands that during the semi-centennial celebration of the Presbyterian Theological Seminary at Princeton, N. J., last week, two gentlemen of New York, brothers, well known for their great wealth and liberality, presented to that institution five certificates of United States stock of $10,000 each. Dr. Sprague in his discourse gracefully referred to this act of munificent generosity, but was doubtless restrained from mentioning the names of those gentlemen.

Retreat of the Rebel Congress.—The advance of our armies towards Richmond caused the rebel Congress to bring its session to an abrupt termination, and some of the Richmond journalists, who cannot straddle" so conveniently, are indignant that those who have been loudest in their profession of devotion and valor should be the first to fly at the appearance of danger. The *Examiner* says that many of them think Richmond insecure, talk about the probability of evacuating Virginia, and wish to be safe on their cotton plantations when that takes place.

the *Whig* is severely but amusingly sarcastic. It says:

For fear of accident on the railroad, the stampeded Congress left yesterday in a number of the strongest and newest canal boats. These boats are drawn by mules of approved sweetness of tempers To protect the stampeders from the snakes and bull-frogs that abound along the line of the canal, Gen. Winder has detailed a regiment of ladies to march in advance of the mules and clear the tow-path of the pirates. The regiment is armed with pop-guns of the longest range. The ladies will accompany the stampeders to a secluded cave in the mountains of Hepsidam, and leave them there in charge of the children of the vicinage, until McClellan thinks proper to let them come forth.

The Merrimac's Weak Point.—The Fortress Monroe correspondent of the Philadelphia Inquirer has the following:—

"From a somewhat extended inquiry into the matter, I learn that while the shot from the Monitor did no remarkable injury to the iron casement of the Merrimac, it did great mischief internally to the woodwork. A water line shot started the timbers of the iron-clad monster, and sent the splinters in every direction. An inquiry into the matter should be made immediately by a competent committee, and the Roanoke and all batteries prepared in future should be very strong, and perhaps braced in every way with wrought-iron trestle-work and girders."

It will be perceived that this corresponds with the result of the English experiments upon iron plating when backed by wood.—Although the balls did not penetrate, the stoutest timber work was found to be riven and its bolts drawn, even with plates of five inches in thickness.

The Capture of New Orleans.—"Occasional," the Washington correspondent of the Philadelphia *Press*, in speaking of the fall of New Orleans, closes as follows:

The collapse of the so called Confederacy will unveil the details by which the conspiracy was enabled to maintain itself, and will startle the whole civilized world. The President, in commenting last evening upon the capture of New Orleans, took occasion to repeat his confidence in the restoration of the Union. If the rebels will not surrender, they will be doomed to a terrible retribution; and if they yield, there will be no exhibition of revenge or of retaliation, save that which offended justice, as against the chiefs of the revolt, may demand. There are so many means now at the disposal of the Government to force a surrender, so many reasons for indulgence to a misguided people, and so many vast interests that would be encouraged by such a result, that you need not be surprised if the conversion of the Southern masses to the old flag should be as sudden and as sincere as their submission to the rebel rule was rapid. If other nations were amazed be wonder stricken at the manner in which it is about to be put down.

A Case for Consistency.—At the time of the breaking out of the present rebellion, England's governing classes, in their sympathy for the seceding states, urged that the best thing for the federal government to do was to allow them to go without trouble. It was wrong, they argued, in this age, when the *vox populi* is supreme, to keep any people under a government with which they were dissatisfied. On this plea England took an early opportunity to recognize the belligerent rights of the insurgents.

The Parliament of the Ionian Islands has just passed, for the second time, an ordinance of secession, and published an address declaring that a separation from the protectorate of Great Britain and a union with Greece is indispensable to their happiness and prosperity. The British High Lord Commissioner replies that the Parliment has no right to discuss the question at all; that her Majesty the Queen had, in answer to a previous question, decidedly refused to listen to the scheme, and that England will maintain her rights over the Ionian Isles at all hazards.

The Parliament, however, reiterates "the unchangeable determination of the Ionian people" to secede and annex themselves to Greece. Now, as an open rebellion may be the result of this, should we not get ready to recognize the belligerent right of the Ionians?—*N. Y. Post.*

[From the Louisville Journal.]

A Corinth correspondent says that Beauregard criticises severely the policy of the Confederate Government. Beau can hardly be more critical than his position is.

The Yankees can no longer be charged with meanness. See how liberally they "shelled out" at Fort Jackson.

If it is true that twenty-five thousand shells were rained upon Fort Jackson, below New Orleans, the garrisoning force must have thought that the day of Sodom and Gomorrah were come again.

Men, like the rebel generals, who exhibit such extraordinary performances "upon the turf," should be rewarded by having it placed above them.

Within the last few weeks we have captured two Fort Jacksons, routed Gen. Jackson, and come very near taking a Gov. Jackson.

The Richmond Dispatch records the execution, as a spy, on the 20th of April, of Timothy Webster. Mrs. Webster, who was arrested with her husband, is still at Castle Zodum. Webster is said to be the first spy executed by the rebels. What if the United States Government should begin hanging spies?

One B. H. Pope of Memphis, who advertises for three runaway or impressed negro men, says:—

"It is my impression, and the impression of the balance of my negroes, that they were impressed to work on steamboats.—I will give a handsome reward for their arrest and confinement if runaway, or for any information about them if impressed. The civil and military police of the city will please pay particular notice to this advertisement.

A new evening journal is advertised in Washington to be called the Washington Times, and to be published by W. D. Hughes. Its politics are not stated. Journalism in Washington is said to be looking up.

WAR NEWS.

LATEST FROM YORKTOWN.

THE FEDERAL CAVALRY AND ARTILLERY OVERTAKE THE REBELS.

Washington, May 5.—The following was received of the War Department this noon:

HEAD QUARTERS, ARMY OF THE POTOMAC, May 4—1 P. M.

Our cavalry and horse artillery came up with the enemy's rear guard in their intrenchments about two miles this side of Williamsburg. A brisk fight ensued. Just as my aid left, Gen. Smith's Division of Infantry arrived on the ground, and I presume he carried his works, though I have not yet heard.

The enemy's rear is strong, but I have force enough up there to answer all purposes.

We have thus far seventy-one heavy guns, large amounts of tents, ammunition, &c. All along the lines their works prove to have been most formidable, and I am now fully satisfied of the correctness of the course I have pursued.

The success is brilliant, and you may rest assured its effects will be of the greatest importance. There shall be no delay in following up the enemy. The rebels have been guilty of the most murderous and barbarous conduct in placing torpedoes within the abandoned works, near Mills Springs, near the flag-staffs, magazines, telegraph offices, in carpet bags, barrels of flour, &c.

Fortunately we have not lost many men in this manner. Some four or five have been killed and a dozen wounded. I shall make the prisoners remove them at their own peril. (Signed)

G. B. McCLELLAN, Maj. Gen.

ESCAPE OF JEFF. DAVIS' COACHMAN.

WHAT HE HEARD JEFF. SAY—MRS. DAVIS' OPINIONS OF AFFAIRS.

Washington, May 5.—The following statement, dated yesterday, on the Rappahannock, has reached Washington:

"A colored man came in to-day from the other side of the river, and represented himself as Jeff. Davis' coachman: From the examination of him, this is probably the truth. He repeats scraps of conversation he overheard whilst driving Mr. and Mrs. Davis in a carriage, and between Mr. Davis and those who came to see him.

Mr. Davis and Gen. J. E. Johnston had some heated discussions about the latter's retreat from Manassas. Davis disapproved of it, and ordered Johnston to make a stand at Gordonsville. Johston declined to do this, and offered to resign, and was even indisposed to go to Yorktown. Mrs. Davis said she thought this very bad in him (Johnston) to be unwilling to go and help Gen. Magruder.

The coachman overheard a conversation between Johnston and the wife of Davis Manassas, McClellan would have come out against him and cut him to pieces.

Mrs. Davis read an article in the Richmond *Examiner* to her husband, saying it was a part of the Yankees' plans that Generals Banks and McDowell were to form a junction in Louisa or Caroline counties, and move down on Richmond. Mr. Davis remarked that he thought it was so, but his generals would take care of them.

The coachman also overheard a conversation between Davis and Dr. Gwin, formerly U. S. Senator from California. Davis said that he had sent Gen. J. R. Anderson from North Carolina to resist the march of the Federals from Fredericksburg and to delay them long enough for him to see the probable result of the contest before Yorktown, so that if that was likely to be unsuccessful he would have time to extricate his army from the peninsula and get them into Richmond and out of Virginia, that otherwise they would all be caught.

The coachman represents that Mrs. Davis said the Confederacy was about played out, and that if New Orleans was really taken she had no longer any interest in the matter, as all she had was there; that it was a great pity that they ever attempted to hold Virginia and the other non-growing cotton States; and that she said to Mrs. Dr. R. Jones, daughter of Colonel James Taylor, U. S. Commissary General of Subsistance, who was very anxious to get to Washington where he has one of her children, not to give herself any trouble, but only to stay where she was, and when the Yankees came to Richmond she could go.

The coachman says that Mr. and Mrs. Davis have all their books, clothing and pictures packed up ready to move off; that there is much outspoken Union feeling in Richmond; that having been a waiter in a hotel there, he knows all the Union men of the place and that the Yankees are looked for with much pleasure, more by the whites than even the colored people.

Confederate money is not taken when it can be avoided. Mrs. Davis herself was refused when she offered a ten-dollar Confederate note, which she did in payment for something purchased for Mrs. Brown. Many of the Richmond people wish the Union troops to come, as they are half starved out.

The bank and government property are all packed up for removal to Danville, near the North Carolina line. Gen. Johnston did not think they would succeed at Yorktown.

The coachman overheard the rebel officers say, if they failed at Yorktown and New Orleans they would leave Virginia.

The Washington correspondent of the N. Y. Evening Post says there is a rumor afloat that there is an important correspondence there, or a copy of it between General McClellan and General Hooker on the question of contrabands. The story goes that General McClellan in the correspondence alluded to takes the ground that all slaves coming into camp or captured are not to be given up to the enemy but are to be protected, and the question of their freedom or confiscation left to the government.

The Progress, of Lyons, states that an engineer has just discovered a Gettic barque sunk in the mud in the Upper Rhone, which is supposed to have remained there in a bed of sand and gravel, for several centuries. This barque is a single piece of timber, hollowed out like an Indian canoe. It measures 27 feet in length and 8 in breath. The wood of which it is composed is completely petrified. This curious vestige of the navigation of the Allobroges is to be placed in the Museum of Lyons, where it will be conveyed on one of the rafts which descend the Rhone from Savoy.

Hon. Thaddeus Stevens in the recent discussion about Mr. Cameron, spoke of the opposition of leading republicans in Pennsylvania to Mr. Cameron's going into Mr. Lincoln's cabinet. "I was one of the delegation who waited on the President to protest against the selection of Mr. Cameron," says Mr Stevens, "and he treated us with silent contempt, not even *telling us a story*!

Colonel Berdan was lately on a visit to his sharp-shooters, in hospital, when a wounded Mississippian inquired "if that was Colonel Berdan," and when informed of the fact, held out his left hand, with one salutation: "Colonel, how do you do? I *shot at you twice*, two weeks ago today, as did two hundred and forty-nine others in our rifle-pits." "Well," replied the Colonel, "you are poor shots; my men fetch their mark every time."

The Mississippi is higher now than it has been at any time since the memorable flood of 1845. It is overflowing its banks from Cape Girardeau to Baton Rouge.—One correspondent avers that in some places below Cairo where the volume of the Ohio swells the already bankful parent, the low shores are so far overspread as to make the river eighty-four miles wide.

"COPYRIGHT SECURED."

GREAT INDIAN REMEDY

For Females.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose, as it will bring on the *monthly sickness* in cases of obstruction, from any cause, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES

have now been sold

without a *single failure*, when taken as directed and without the least injury to health in any case. ☞ It is put up in bottles of three different strengths, with full directions for using, and sent by express, *closely sealed*, to all parts of the country.

Prices—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.

☞ *Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*

☞ Beware of Imitations! None genuine and warranted unless purchased *directly of Dr. M., or at his office*, rear of No. 28 Union Street, Providence, R. I.

Dr. Mattison's Diuretic Compound,

For Acute and Chronic Gonorrhœa.

This new remedy contains neither Balsam Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, greatful to the stomach, cooling, cleansing and healing in its operation, and speedily allaying all heat and irritation in the urinary passages. You, therefore, who have been swallowing down *Balsam Copaiva*, either in capsules or mixtures for months in succession, until with pale face and disordered stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

☞ ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2,00.

Dr. Mattison's Sirop Anti-Syphilitique,

For Secondary, Tentiary and Hereditary Syphilis.

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $450 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator.

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss of Reason.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect Antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which last a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of afflicted and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill, and whose *only* recommendation is *their own* false and extravagant *assertions*, in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what* [illegible] *pretensions are*, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON, as above. d18-1y

NOTICE.—We are daily receiving orders to send by mail some one or more of Dr. Hurd's Dental Remedies, which we cannot fill.—None are mailable except the *Neuralgia Plaster*, which we send in an envelope on receipt of Price (15 cents) and one stamp.—But to accommodate persons in places where the druggists and store keepers are behind the age, we have put up packages in white embossed boxes, seven inches by four, with compartments—each box containing a bottle of *Dr. Hurd's Mouth Wash*, and *Tooth Ache Drops*, a box of *Tooth Powder*, the *Neuralgia Plaster*, and a valuable little Treatise on *Teeth and their Diseases, the best means of preserving them, and the proper treatment of Children's Teeth*, (worth of itself the entire cost to every young man or woman, or parents with young children;) with sundry other necessary articles; price per package, *one dollar*, or six packages for $5, sent by express as directed. As the Express charges are not much, if any, more on a dozen than on one, it is far cheaper to order six or a dozen packages at one time. A large family will want all, or the surplus can be disposed of to neighbors with public benefit, for no one can estimate how much pain, suffering, unhappiness, and disfigurement, expense, loss of time and money would be saved to the country if every family to-day had one of these packages, which, in itself, is a complete set of Dental Remedies. Address WM. B. HURD & Co., Tribune Buildings, New York, and write name and address plainly. That remittances may be made with confidence. W. B. H. & Co. refer to the Mayor of Brooklyn, to G. W. GRIFFITH, President of the Farmers and Citizen's Bank, Brooklyn; to the Editor of the American Manufacturers' Gazette; to Joy, Coe & Co., Publishers' Agents, New York; to P. T. 1000 Agents Wanted,

To introduce Dr. Hurd's Dental Remedies into every County. Men or women who want to make money quickly, can do better with these articles than anything in market. They are new, useful, low priced, and we are spending thousands in advertising them for the benefit of agents. Boxes of samples, containing a dozen of the one dollar packages above specified, with circulars will be sent on receipt of *seven dollars*, about half price, to any person wishing to test his or her skill in selling with the view of becoming an agent. They can be sold in a day.—☞ *We would rather pay salaries than Commissions to those who prove themselves efficient salesmen.*

THE EMPEROR OF FRANCE SHOWS HIS HANDS.

THE REBELLION A FAILURE.

FOREIGN POWERS WILL INSIST THAT THE UNION BE RESTORED

NEW YORK, 6

The Times despatch from Washington contains the folowing:

The Visit of the French Minister to Richmond was to assure the rebels that the Emperor of France was not recognizing them as a power among nations.

That England and France by recognizing them as beligerants did all that could be expected on the part of neutral governments. That the blockade of their ports is effectual. That they are fairly bhaten in arms and their independence as a nation is impossible.

That a continuance hortilities by the threatened distruction of the Cotton and Tobacco crops of their citizens would only be a wanton injury to the commerce of the World injuring France and England even more than the United States and that a resort to gurilla warfare as proposed when their amies are destroyed would demoralize society and be simply a return to barbarism.

The rebels have to be admonished therfore that a cessation of hortilties is a duty they owe to themselves and to the World which all civilized Nations will unite in requiring of them. At the same time to save their honor and their existance as a free people. The French Emperor has assured them that civilized Europe will not approve the enforcements of any hard terms on them by the United States.

That their society shall not be disorganized. Their industry shall not be overthrown. Their families shall not be impovished by a general and indiscriminate confiscation of their property and that Mr. Lincoln's administration will be held to a restoration of the Union on the basis of the Constitution with the inherent rights of all the states preserved.

THE ROAD OPEN TO RICHMOND.

The Herald's despatch says the administration is fully satisfied that the road to Richmond is opened and that the rebels army of the east is utterly routed.

The finance committee of the Senate have finished their labors upon the Tax bill and will report it back on Wednesday.

It is reported that no very material alterations were made by the committee. They prefer to allow the responsibility of the bill to rest upon the House, where all measures of this character must originate.

Some changes in the rates of taxation are made but the bill stands substantially as it came from the House. The committee do not propose to tax stocks on hand.

POSTSCRIPT.

A RECAPTURE.

NEW YORK, 6.

Ship Emily St. Pierre which was captured some time since by our blockading fleet, and a prize crew was put on board with orders to make for Philadelphia, was subsequently recaptured by the Rebel Capt. Wilson, who by stratagem, made prisoners of all the crew and the prize master.

The vessel arrived at Liverpool on the 21st, Captain Wilson being assisted in navigating her by only three or four, who with himself were allowed to remain on board by the Cruiser who had captured her.

Lt. Stone was placed in charge of the Emily St. Pierri by our Gunboats and was overpowered by Wilson and the Rebel steward and cook, and placed in irons.

NOT SO.

A letter from a first class merchant in Baltimore to a Liverpool firm states under date of Baltimore April 8th that the federal's have suffered a severe defeat in a battle at Yorktown and also that the Merrimac and 7 other iron-clad ships were out.

This letter was received in Liverpool by the steamship China and shows that all the merchants of Baltimore are not yet loyal.

For Collectors, as a memento of the times to preserve for future generations.

This publication was began at the time of the storming of Fort Sumter, and has been steadily pursued during all these turbulent times, at the expense of thousands of dollars. Divining the great value of a truthful representation of each of the prominent contemporary Men and Women, in a *cheap, convenient form*, (and, unlike photographs, they are *printed* with *imperishable ink*, to last for centuries,) we have labored zealously and conscientiously to that end, and are now able to offer to the collector a list of over

THE MOST

WHOLESOME BREAD,

Sweeter, Lighter, and More Nutritious than any other, is made by using

SAMUEL KIDDER, & CO'S IMPERIAL YEAST POWDER,

A new article, which is pure, reliable and economical.

I have analyzed Samuel Kidder & Co's "Imperial Yeast Powder," manufactured by Messrs. Daniel F. White & Co., and found the base of vegetable origin to be so adjusted as to form a new and superior article for raising dough. It produces, with even ordinary flour, white, spongy and perfectly wholesome bread, and retains its power of action under exposure. Being free from mineral acids, and dangerous metalic salts, it should be preferred to compounds, frequently sold as yeast powders.

Respectfully,

PROF. L. MILLER'S

HAIR INVIGORATOR

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper, also, L. MILLER'S INVIGORATOR, N. Y. blown in the glass.

SOMETHING MORE VALUABLE THAN SILVER OR GOLD,
BECAUSE
IT WILL RESTORE THE WEAK, REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY AND VIGOR.
It is
PROF. O. J. WOOD'S
RESTORATIVE CORDIAL
AND
BLOOD RENOVATOR!

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *so as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach* and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits.—It is composed entirely of vegetables, and those thoroughly combining *powerful* tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, INDIGESTION, DYSPEPSIA, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS NOTHING ITS EQUAL.

Also, Liver Derangements or Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences, and cure the diseases at once, if already attacked.

TRAVELERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out door exercise should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety!

There is no mistake about it!!
THE CORDIAL IS ALL WE CLAIM FOR IT!! MOTHERS TRY IT!!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from false delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they, too, would travel in the same downward path until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, proprietor, No. 444 Broadway, New York, and No. 114 Market Street, St. Louis, Mo., and sold by all good druggists. Price one dollar per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have a doubt.

Prof. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resist the assault of disease. It is a chemical compound so skilfully compounded it provokes the lassitude which usually follows excitement. A tonic, composed exclusively of vegetable matter it is absolutely beneficial and no ill effects can possibly accompany its use. It is an infallible and speedy remedy for Loss of Appetite, Faintness, Nervous Debility, Neuralgia, Palpitation of the Heart, Falling of the Womb, and other delicate diseases to which woman is subject. For Sickness of the Stomach, Bilious Attacks, Liver Complaints, Costiveness, Dyspepsia, Consumption and a host evils flesh is heir to, it is a certain cure.—*St. Louis Morning Herald.*

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the Classics that Pysche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Prosperine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. WOOD'S Restorative Cordial revives the recollection of the story, for it invigorates the [illegible] the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health, so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Giddiness, Neuralgia, Palpitation of the Heart, &c., will find here an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt the best tonic Cordial in the world. To those who are suffering from General Debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial none will be for a day without it.—*New York Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of nature, and thus sooth the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. WOOD'S Restorative Cordial and Blood Renovator. Hence, it is perfectly adapted to old and young. Reader, try it. Thousands have already done so, and the testimony is universal in its favor.—*New-York Atlas.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR, for the cure of General Debility, or Weakness arising from any cause; also, Dyspepsia, Nervousness, Night Sweats, Incipient Consumption, Liver Complaints, Billiousness, Loss of Appetite, Female Weakness in all stages; also to prevent the contraction of disease, is certainly the best and most agreeable Cordial tonic and Renovator ever offered to the afflicted, and so chemically combined as to be the most powerful tonic ever known to medical science. Reader, try it. *It will do you good.* We have no hesitation in recommending it, since we know it to be a *safe, pleasant and sure* remedy for the diseases enumerated.—*New York Dispatch.*

MADAME ZADOC PORTER'S Balsam has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT. — MADAME ZADOC PORTER'S CURATIVE BALSAM is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!!—Do not be persuaded to purchase at 4s. to $1 which do not contain the virtues of a Dime Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other.—Ask for Madame Porter's Curative Balsam, price 10 cts., and in large bottles at 20 cts and take no other. If you cannot get it at one store you can at another.

☞ Sold by all Druggists and Store-keepers at 10 cts. and in larger bottles at 20 cts.

The *entire* press of the country has bestowed upon this work *unanimously* the highest encomiums. The Louisville Journal of October 8th, 1861, says of it:—

"It is a work of the highest merit. In fullness, completeness, accuracy, and logical as well as chronological dependence, it leaves nothing to be desired. We reckon the value of this work above price. It meets suitably the great literary demand of the hour. *It is a work the lack of which would prove with posterity a cause of special reproach to our day and generation.* Let everybody subscribe for it."
